

October 16, 2025

Dear Church Family,

We are honored to serve as the 2026 Stewardship Campaign Co-Chairs. We are somewhat new to FUPC, having joined as members only about a year ago. Many of you share lengthy histories with our church—some of those histories entail FUPC being your lifelong place of worship, and others, for over a decade.

Our faith journey together began in Northwest Arkansas over 40 years ago. During those years, we have been formal members of six Presbyterian churches (and visited many others). Throughout those years, it was always our hope that we would return here and find our “forever home.” God has blessed us by fulfilling that dream. The greater blessing is that He has led us to our “Forever Church,” First United Presbyterian Church.

After just a few visits, we knew—First United Presbyterian was it! Not because of the physical campus, which is amazing, but because of you. Many of our members have played critical roles in shaping the culture and spiritual environment that Dear Carol and Walt ,exists here. There is a foundation of unity and community established at FUPC, and it is important that our congregation continue to sustain and grow these vital aspects of the church, helping ensure that FUPC lives on for generations to come.

From our unparalleled experience this first year, and with prayerful thought, we have been led to the theme for this year’s campaign: “*Forever Church, Forever in Christ.*”

Although our church is currently in a transitional time, the 2026 Stewardship Campaign will be an amazing opportunity for us to prepare to build on what we have and to create something greater than the here and now in the coming year. We believe stewardship is not just about achieving a financial goal (more on that to come) but about trusting God and having a vision for the future of our church.

Below, you will see a schedule of events for our upcoming Stewardship Campaign. We ask that you be in thoughtful prayer with your family about pledging a portion of your resources toward the vision and mission of our church in 2026.

With many blessings,

Terry and Melinda Cameron
